How to use worksheet for natal chart

Getting your natal chart

- go to www.astro.com
- go to 'horoscopes'/'free horoscopes'/'chart drawing, ascendant'
- Press +add and enter your birth data as prescribed
- Now you have a visual of your astrological natal chart

Fill in the worksheet

- Find each planet in your natal chart and check their sign placement
- Fire signs are: Aries, Leo, and Sagittarius
- Earth signs are: Taurus, Virgo, and Capricorn
- Air signs are: Gemini, Libra, and Aquarius
- Water signs are: Pisces, Cancer, and Scorpio
- Add the numbers

Interpret results

- Notice where you have the majority of your natal signs placed
- Fire signs: passionate, energetic, dynamic, and action-oriented
- Earth signs: practical, stable, grounded, and focus on the physical
- Air signs: intellectual, communicative, curious, and focus on ideas
- Water signs: emotional, intuitive, sensitive, and subconscious
- Above 3 personal planets in one element creates strong characteristics
- If only outer planets in a an element, characteristics are weaker
